There is a Transportation Engineer 3 (Engineering) position opportunity, with the potential for an additional position(s), currently available in the Project Development Unit of the Division of Highway Design, Bureau of Engineering and Construction. This position is in the P-4 (Engineering and Scientific) bargaining unit.

**Position Description:** This position serves as an advanced working level engineer involved in developing, reviewing, and refining concepts for transportation improvements. Duties include, but are not limited to, defining and analyzing problems through field and office investigations; developing effective solutions to produce feasible project scopes and cost estimates for evaluation, prioritization and initiation; coordinating scoping efforts with Department personnel from various technical disciplines and administrative areas, FHWA, local officials, regional planning agency representatives, and other major stakeholders; preparing and presenting summaries of project purpose and need, proposed improvement scope, and project costs and resource involvement; and providing engineering expertise on corridor studies and other special studies.

**Preferred Knowledge, Skills and Abilities:** Considerable knowledge of the principles and practices of transportation engineering including highway design and traffic engineering; considerable creative ability in transportation design, including the ability to analyze problems and recommend solutions; knowledge of administrative and financial procedures related to the project development process; considerable oral and written communication skills including public speaking; ability to work as a member of a team.

Successful candidates must be available to attend public meetings outside of normal working hours, when necessary.

**Eligibility:** Candidates must have passed the Transportation Engineer 3 (Engineering) exam and be on a current certification list promulgated by the Department of Administrative Services. DOT employees, who currently hold this title or those who have previously attained permanent status in this title since their most recent hire date, may apply for lateral transfer.

**Application Instructions:** Submit a cover letter which states your interest and suitability for the position, resume, [application \(State of Connecticut Application for Examination or Employment Form CT-HR-12\)](#). State employees must also include copies of last two service ratings received. **Send by September 15, at 4:00 p.m. to:**
